Faces of MOWA

The Minnesota Onsite Wastewater Association (MOWA) represents those individuals and companies in Minnesota whose business is involved in designing, constructing or providing maintenance and repair service for onsite sewage treatment systems, commonly known as septic systems.

Founded in 1975, MOWA has over 400 members and is a Minnesota non-profit business association whose primary objective is the betterment of public health through sound principles and procedures.

United by common goals

MOWA members hail from all areas of the wastewater industry. MOWA is the association home of large entities and small businesses. Our members include installers, pumpers, designers, professionals, inspectors, engineers, soil scientists, operator/ maintenance providers, government regulators, educators, manufacturers, suppliers, students and any others interested in Minnesota's wastewater industry.

MOWA members are united by their desire to increase the levels of education and professionalism in the industry. Make a commitment to your career. Join today and get to know the many faces of MOWA.
