In 2024—MOWA Looks to the Future of the Industry!

MOWA Members,

It has been another busy year for MOWA. The Board of Directors has made an annual commitment to hold a Strategic Planning Meeting to formulate goals for every year. In the past year, we put together a plan to start a Mentorship Program. The Committee working on this recognizes that this is a monumental task and needs a lot of work to make it successful. We hope that in this coming year, 2024, we can put together our program and start looking for recruits by the end of 2024.

The Board is always looking for more member benefits to add too. If you have any requests that you would like MOWA to provide for you or your company, please contact us or a Board Member. Your input is valuable to us.

MOWA is hosting its annual Summer Soils Seminar in Grand Rapids on August 9. Be sure to register early as there are limited seats. Finally, mark your calendars for the MOWA Winter Convention on February 3-4, 2025. We will be in St. Cloud at The Park Event Center. We look forward to seeing you at the event.

I hope you have a great and safe working season.

Best regards,

Tammy Trantham, MOWA Executive Director
